15 Kenergy Corp. responds to the Commission Staff's first data
16 request as follows:

17 Refer to the Application, page 3, paragraph (h). Explain the nature
18 of the \$2,190,142 in reimbursements for May and June 2007 work and explain
19 why this work has been included in the 2007-2010 Work Plan.

20 **RESPONSE:**

21 The May and June 2007 work is itemized on the Reimburse-
22 ment Schedule that is included in Exhibit A (RUS Form 740c) of the
23 Application. As shown in that schedule, the work consisted of 219's
24 (Inventory of Monthly Work Orders) and Special Equipment (trans-
25 formers, regulators, etc.). Actually this work is not included in the
26 2007-2010 Work Plan but is shown on RUS Form 740c for
27 financing purposes. RUS policy allows reimbursement for approved
28 work that was not previously financed and was performed within 24

1 months prior to the cut off date, which in this instance was June 30,
2 2007.
