Re: Alcan Primary Products Corporation and Century Aluminum of Kentucky's
Petition for Confidentiality, PSC Case No. 2007-00455

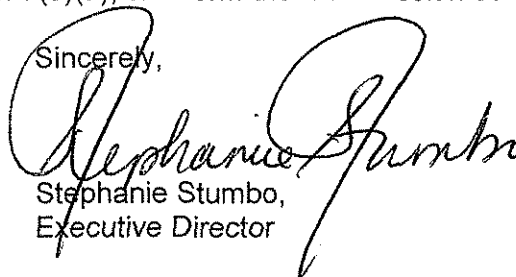

Gentlemen:

The Public Service Commission has received Alcan Primary Products Corporation and Century Aluminum of Kentucky General Partnership's (collectively "Smelters") Petition for confidential treatment of certain information in its Responses to Data Requests. This information is identified as certain internal documents of the Smelters that consist of confidential and proprietary information including analysis and discussions pertaining to electricity and other production costs.

Based upon a review of the information, I have determined that it is entitled to the protection requested on the grounds relied upon in the Petition and should be withheld from public inspection.

If the information becomes publicly available or no longer warrants confidential treatment, the Smelters are required by 807 KAR 5:001, Section 7(9)(a), to inform the Commission so that the information may be placed in the public record.

Sincerely,

Stephanie Stumbo,
Executive Director
