Subject: Case #2007-00502  
Glennis W. Blair vs Appalachian Waste Company  
Brief of Glennis W. Blair

Public Service Commission:

I feel that sufficient evidence and testimony was given to the Public Service Commission by myself, Glennis W. Blair, and Mr. Bob Robards, PSC Engineer, in Case #2007-00502 on April 16, 2008 concerning the condition and my complaint against the Neil Price Sewer Plant, now controlled by Appalachian Waste Control. I ask the Public Service Commission to rule in my favor on all complaints and award me the ruling in full.

Sincerely,

Glennis W. Blair
