PUBLIC SERVICE  
COMMISSION

? Gentlemen -?

Is there no end to the charges KU  
can charge. Just got my bill for August,  
I used less power but with all the  
raises you allowed them I am paying  
10.26 more. My Social Security does not  
give me increases even for necessities.

I'm sure you are not interested in  
Senior Citizens, I'm 90 but it does  
grip me to be told I pay K. U. \$ 5.00  
each month to help pay the man  
that reads my meter etc. How stupid  
do you think we are that stupid  
things like this is allowed by our  
Government - that we are supposed to  
believe to have our needs as their  
concern. I'm on the Budget Plan which went  
up 12.00 monthly!

Thanks for nothing

How you can forget  
getting this!
