("AT&T MOBILITY) NOTICE OF ACQUISTION) CASE NO.
AND REQUEST FOR TRANSFER OF ELIGIBLE) 2008-00077
TELECOMMUNICATIONS CARRIER DESIGNATION)

ORDER

On March 27, 2009, New Cingular Wireless PCS, LLC d/b/a AT&T Mobility ("AT&T Mobility") filed a petition with the Commission providing notice of a partial relinquishment of an Eligible Telecommunications Carrier ("ETC") Designation by American Cellular Corporation ("ACC").¹ By Order dated April 14, 2008, the Commission granted a request by AT&T Mobility to transfer the ETC designation of ACC to AT&T Mobility for the market areas for which ACC was previously designated as an ETC. The exceptions to that request were ACC market areas Kentucky RSA 6 and 8, as those areas were being divested, pursuant to an order of the Federal Communications Commission. In its filing on March 27, 2009, AT&T Mobility stated that market areas Kentucky RSA 6 and 8 were successfully divested to Cellco Partnership d/b/a Verizon Wireless and its subsidiaries ("Verizon Wireless") as of December 22, 2008. AT&T Mobility stated that ACC's ETC designations for those markets were not

transferred to Verizon Wireless and, therefore, requests Commission approval to relinquish the ETC designations for the divested areas, effective December 22, 2008.

The Commission finds that the petition lacks information critical and necessary to the Commission's decision on the request for relinquishment. The Commission finds that petitioner should respond to the requests for information included in the Appendix to this Order.

IT IS THEREFORE ORDERED that:

1. AT&T Mobility shall respond to the Commission's data request, as provided in the Appendix to this Order, no later than April 17, 2009.

2. a. AT&T Mobility shall file with the Commission the original and five copies of the information requested herein, with a copy to all parties of record. Responses to requests for information shall be appropriately bound, tabbed and indexed and shall include the name of the witness responsible for responding to the questions related to the information provided.

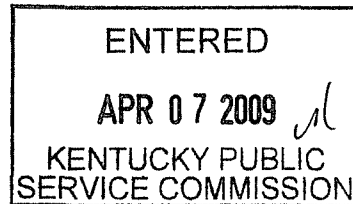

b. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

c. AT&T Mobility shall make timely amendments to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect.

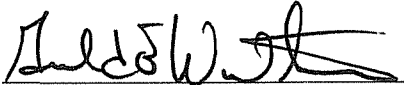

d. For any requests to which AT&T Mobility fail or refuse to furnish all or part of the requested information, AT&T Mobility shall provide a written explanation of the specific grounds for the failure to completely and precisely respond.

e. Careful attention should be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations.
