PUBLIC SERVICE
COMMISSION

In the matter of:

THE APPLICATION OF EAST KENTUCKY NETWORK)
LIMITED LIABILITY COMPANY FOR THE ISSUANCE)
OF A CERTIFICATE OF PUBLIC CONVENIENCE AND) CASE No 2008-00087
NECESSITY TO CONSTRUCT A TOWER IN OWSLEY)
COUNTY, KENTUCKY).

In case number 91-002 East Kentucky Network, LLC, formerly Mountaineer Cellular Limited Liability Company was granted a Certificate of Public Convenience and Necessity by the Kentucky Public Service Commission to construct and operate a cellular radio telecommunications system for KY RSA 10.

In an effort to improve service in Owsley County, East Kentucky Network, LLC Pursuant to KRS 278.020 Subsection 1 and 807 KAR 5:001 Section 9 is seeking the Commission's approval to construct a tower located near Vincent in Owsley County. The proposed tower will be a 300 foot self-supporting tower located on a ridge near Travelers Rest, Kentucky. (Latitude 37° 27' 49.2" Longitude: 83° 46' 21.6") A map and detailed directions to the site can be found in Exhibit 8.

East Kentucky Network LLC merger documents were filed with the Commission on February 2, 2001 in Case # 2001-022.

FAA and Kentucky Airport Zoning Commission approvals have been applied for and a copy of the application is included as Exhibit 4 and 6.

No Federal Communications Commission approval is required prior to construction of this facility. Once service is established from this tower we must immediately notify the Federal Communications Commission of its operation. Prior approval is needed only if the proposed facility increases the size of the cellular geographic service area. This cell site will not expand the cellular geographic service area.

A geologist was employed to determine soil and rock types and to ascertain the distance to solid bedrock. The geotechnical report is enclosed as Exhibit 3

A copy of the tower design information is enclosed as Exhibit 5. The proposed tower has been designed by engineers at Allstate Tower, Inc and will be constructed under their supervision. Their qualifications are evidenced in Exhibit 5 by the seal and signature of the registered professional engineer responsible for this project.

The tower will be erected by A & D Communication of Cattlesburg, Kentucky. A & D has vast experience in the erection of communications towers.

Enclosed, and should be filed with Exhibit 10 is a survey of the proposed tower site signed by a Kentucky registered professional engineer. There is no structure within 500 feet of the proposed tower as indicated in this enclosure. Exhibit 2 is a list of all Property owners or residents according to the property valuation administrator's record who reside or own property within 500 feet of the proposed tower in accordance with the Public Valuation Administrator's. No other properties are contiguous with East Kentucky's property.

Exhibit 12, back of folder, contains a vertical sketch of the tower supplied by Coleman Engineering.

Pursuant to 807 KAR5:063 Sections 1 (1)(L) and Section 1(1)(n)(1) all affected property owners according to the property valuation administrator's record who reside or own property within 500 feet of the proposed Tower were notified by certified mail return receipt requested of East Kentucky Network, LLC's proposed construction and informed of their right to intervene. They were given the docket number under which this application is filed. Enclosed in Exhibit 2 is a copy of that notification.

Owsley County has no formal local planning unit. In absence of this unit the Owsley County Judge Executive's office was notified by certified mail, return receipt requested of East

Kentucky Network Limited Liability Company's proposal and informed of their right to intervene. They were given the docket number under which this application is filed. Enclosed in Exhibit 1 is a copy of that notification.

East Kentucky Network, LLC will finance the subject Construction with earned surplus in its General Fund.

Estimated Cost of Construction	140,000.00
Annual Operation Expense of Tower	12,500.00

Two notice signs meeting the requirements prescribed by 807 KAR 5:063, Section 1(2), measuring at least two (2) feet in height and four (4) feet in width and containing all required language in letters of required height, have been posted, one at a visible location on the proposed site and one on the nearest public road. The two signs were posted on March 28, 2008 and will remain posted for at least two weeks after filing of this application as specified.

Enclosed in Exhibit 9 is a copy of East Kentucky Network LLC's deeds to the site.

Notice of the location of the proposed construction was published on the first 2 weeks of April in the Booneville Sentinel. Enclosed is a copy of that notice in Exhibit 1. Booneville is the newspaper with the largest circulation in Owsley County.

The proposed construction site is on a very rugged mountaintop some feet from the nearest structure. Prior to construction the site was wooded.

Due to the steep hillside surrounding the proposed site, the property in close proximity is unsuitable for any type of development. East Kentucky Network LLC's operation will not affect the use of nearby land nor its value. No more suitable site exists in the area. A copy of the search area map is enclosed in Exhibit 8. No other tower capable of supporting East Kentucky Network LLC's load exists in the general area; therefore, there is no opportunity for co-location of our facilities with anyone else.

WHEREFORE, Applicant respectfully requests that the PSC accept the foregoing Application for filing, and having met the requirements of KRS [278.020(1), 278.650, and 278.665] and all applicable rules and regulations of the PSC, grant a Certificate of Public Convenience and Necessity to construct and operate the proposed tower.

The foregoing document was prepared by Janice Robinson, Technical Site Coordinator for East Kentucky Network d/b/a Appalachian Wireless. All related questions or correspondence concerning this filing should be mailed to East Kentucky Network, LLC d/b/a Appalachian Wireless, 101 Technology Trail, Ivel, KY 41642.

Travelers Rest Tower Site

Purpose:

A site assessment was conducted for Appalachian Wireless on a tract of land located in Owsley County near Travelers Rest, Kentucky. The site of the proposed tower is now forestland. The purpose of this investigation was to determine the depth to bedrock and of what type of rock the bedrock consists.

Site Investigation:

The trenching method was used to determine the type of bedrock material at the proposed tower site. A Caterpillar 320 excavator was used to expose the bedrock material. It is approximately 4.00 foot to the sandstone bedrock. (See attached page for descriptions of materials encountered.) The terrain in Owsley County is slightly to moderately steep. The tower site is located on a point one mile northeast of Travelers Rest on KY 30. The sandstone formation below the tower site is approximately 10.00 feet thick based on the information obtained from the site investigation and geological maps of the area.

Conclusions:

The proposed tower site is located on a ridge in the area. The sandstone bedrock on the proposed tower site is part of the Lee Formation, and is middle to lower Pennsylvanian in age. Tests were not conducted to determine the load-bearing strength of the bedrock. However, it is apparent that the tower will be constructed on the sandstone bedrock formation.

The field work for this site was performed by Wendell R. Holmes, using generally accepted methods in the practice of geological science.

Dear FAA Evaluator:

Enclosed is an FAA Form 7460-1 (Notice of Proposed Construction or Alteration) for a new 320' communications tower structure (300' tower plus 20' antenna) near Vincent (Owsley), Kentucky. The site ("Vincent") is approximately 0.3 mi (0.5 kilometer) south of town of Vincent.

The proponent, East Kentucky Network, LLC, is the licensee for Cellular Block B service in Kentucky 10 - Powell Rural Service Area (KY10B RSA), Market No. 452B. Transmit technology to be employed at this station is CDMA in the Cellular Band B frequency band (880 - 890 MHz and 891 - 894 MHz); the maximum ERP is 500 Watts.

Should you have any questions or require additional information, please do not hesitate to call the undersigned at the above identified telephone number.

Sincerely,

Ali Kuzehkanani
Director of Engineering

INDEPENDENT AUDITOR'S REPORT

To the Members
East Kentucky Network, LLC
dba Appalachian Wireless
Ivel, Kentucky 41642

We have audited the accompanying balance sheets of East Kentucky Network, LLC, dba Appalachian Wireless as of December 31, 2006 and 2005 and the related statements of income, members' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of East Kentucky Network, LLC, dba Appalachian Wireless as of December 31, 2006 and 2005 and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

EAST KENTUCKY NETWORK, LLC
DBA APPALACHIAN WIRELESS

NOTES TO FINANCIAL STATEMENTS

Note 1. Summary of Significant Accounting Policies

Nature of operations

East Kentucky Network, LLC, dba Appalachian Wireless, is a Kentucky limited liability company formed by the merger of Appalachian Cellular, LLC, Mountaineer Cellular, LLC and East Kentucky Network, LLC on January 1, 2000. The Company is engaged in cellular telephone communications and paging services to residential and commercial customers located in eastern Kentucky. The Company's five members consist of Cellular Services, Inc.; Gearheart Communications Company, Inc.; Mountain Telecommunications, Inc.; Peoples Rural Telephone Cooperative Corporation, Inc.; and Thacker-Grigsby Telephone Co., Inc.

Cash

The Company maintains its cash balances, which exceed the \$100,000 federally insured limit, with several financial institutions. These financial institutions have strong credit ratings and management believes that credit risk related to the accounts is minimal.

Cash equivalents

For purposes of the statement of cash flows, the Company considers temporary investments having a maturity of three months or less to be cash equivalents.

Short-term investments

Certificates of deposit having original maturities between three and nine months are classified as short-term investments, are carried at cost, which approximates fair value, and are held to maturity.

Inventory

Inventory is composed of cellular telephone equipment, paging equipment, and accessories purchased for resale during the ordinary course of business. The inventory is valued at the lower of cost or market, cost being determined by the first-in, first-out (FIFO) method.

Property, plant and equipment

Property, plant and equipment are recorded at cost. Depreciation is provided using the straight-line method over the estimated useful lives of the assets.

Investment

The investment in affiliated company is composed of equity certificates in Rural Telephone Finance Cooperative and is reported at cost, which approximates fair value.

NOTES TO FINANCIAL STATEMENTS

Note 1. Summary of Significant Accounting Policies (Continued)

Intangible assets

The customer lists, non-compete agreements, FCC licenses, and use of name are recorded at cost and are being amortized over 15 years by the straight-line method. The excess cost over the fair value of the net assets acquired (goodwill) related to paging acquisitions is measured for impairment on an annual basis, and written down, if necessary, to its estimated value at that time. During the prior year, the Company expensed the remaining balance of goodwill as an impairment (see Note 8).

Recognition of revenue

Cellular service and paging revenues are recognized when earned. Monthly access and feature charges are billed one month in advance and recognized as revenue the following month. Revenue from telephone and accessories sold are recognized as revenue upon delivery to the customer.

Advertising

Advertising costs are expensed as incurred. At December 31, 2006 and 2005, these costs were \$1,574,298 and \$1,139,697, respectively.

Income taxes

Under existing provisions of the Internal Revenue Code, the income or loss of a limited liability company is recognized by the members for income tax purposes. Accordingly, no provision for federal income taxes has been provided for in the accompanying financial statements. Effective for years beginning on or after January 1, 2005, the State of Kentucky enacted legislation which now provides for the taxation of limited liability companies' at the entity level. The accompanying financial statements include the related state tax liability under the new regulations.

Use of estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses.

NOTES TO FINANCIAL STATEMENTS

Note 2. Intangible Assets

Intangible assets consist of the following at December 31, 2006:

	Gross Amount	Accumulated Amortization

(a) On February 28, 2006, the Company borrowed \$14,200,000 to restructure its debt. The note is payable in 10 annual installments of \$1,200,000 for 2007, \$1,400,000 for 2008 through 2012, and \$1,500,000 for 2013 through 2016, with a variable interest rate. The note is collateralized by the assets of the Company.

(b) The notes payable to Rural Telephone Finance Cooperative (RTFC) were secured by mortgage and security agreements that include substantially all of the assets of the Company. In addition, the Company was required to purchase equity certificates in RTFC equal to 5% of the total amounts borrowed. The notes were payable in quarterly installments over 15 years with interest at variable or fixed rates set by RTFC. The notes were paid in full on March 1, 2006.

NOTES TO FINANCIAL STATEMENTS

Note 3. Long-Term Debt (Continued)

- (c) The line of credit agreement with RTFC provided for borrowings up to \$5,000,000. The agreement carried an interest rate at prime, plus one and one-half percent, was unsecured and was renewed June 28, 2004 for 24 months. The line of credit was paid in full on March 1, 2006.
- (d) The line of credit agreement with RTFC provided for borrowings up to \$2,000,000. The agreement carried an interest rate at prime, plus one and one-half percent, was unsecured and due May 16, 2006. The line of credit was paid in full on March 1, 2006.
- (e) The line of credit agreement with Fifth Third Bank provides for borrowing up to \$3,000,000. The agreement carries a variable interest rate, is secured by certain assets of the company, and is due March 28, 2008.

Approximate maturities or payments required on principal under note payable agreements for each of the succeeding five years are as follows:

Year ending December 31:

2006	\$ 1,200,000
2007	1,400,000
2008	1,400,000
2009	1,400,000
2010	1,400,000

Note 4. Retirement Plans

The Company has a 401(k) plan for qualifying employees who have reached twenty-one years of age. Eligible employees are allowed to invest up to 15% of their compensation and the Company has agreed to match 100% of the first 3% of the employees' contribution and 50% of the employees' contribution between 3% and 5%. The Company contributed \$73,607 and \$67,460 matching funds for its 401(k) plan during the years ended December 31, 2006 and 2005, respectively.

The Company also offers an employer sponsored retirement savings plan for qualified employees who have reached twenty-one years of age. The Company has agreed to contribute 9% of the eligible employee's compensation, plus an additional 5% of the original contribution.

The Company contributed \$259,859 and \$221,669 to its retirement savings plan during the years ended December 31, 2006 and 2005, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 5. Related Party Transactions

The Company shares personnel with one of its members. The Company paid \$114,996 and \$132,681 for shared personnel during the years ended December 31, 2006 and 2005 respectively. The Company also leased offices and warehouse space from two members. The leases are for an unspecified length of time. The monthly lease payments total approximately \$7,000. In addition, the Company incurred interconnection and telephone charges from its members aggregating \$752,095 and \$786,283 for the years ended December 31, 2006 and 2005, respectively.

The Company leases two cellular tower sites from the officers and majority shareholders of a member for \$100 per month for each site. The leases are for an unspecified length of time. In addition, the Company leases two other sites from a company owned by this member for \$600 each on a month to month basis.

The Company leases cellular tower sites from the parent company of one of its other members for \$1,039 per month. The leases are for five years with options to renew.

The Company pays commissions to two of its members for phone sales to customers. The amount of commissions paid to related parties was \$45,484 and \$43,873 for 2006 and 2005 respectively.

Note 6. Operating Leases

The Company has entered into operating leases with its members and other customers to provide fiber optic transmission capacity and ancillary services. The terms of these leases are for 15 years.

Total rental income earned from these operating lease commitments included in the statements of income were \$1,130,809 and \$1,254,902 for the years ended December 31, 2006 and 2005, respectively. Rental income earned from the Company's members from these leases was \$631,789 and \$713,599 for the years ended December 31, 2006 and 2005, respectively.

Investments in operating leases are as follows at December 31:

	2006	2005
Fiber ring	\$ 6,471,128	\$ 6,245,412
Accumulated depreciation	(982,379)	(773,028)
	\$ 5,488,749	\$ 5,472,384

The future minimum rental payments expected to be received under these lease agreements for each of the succeeding five years are approximately \$700,000 each year based upon new contracts negotiated during 2005.

NOTES TO FINANCIAL STATEMENTS

Note 6. Operating Leases (Continued)

The Company has also entered into lease agreements with its members to obtain fiber optic transmission and digital microwave transmission services. The terms of these leases are for 15 years.

Rental expenses incurred under these operating lease commitments included in the statements of income were \$194,083 and \$33,329 for the years ended December 31, 2006 and 2005, respectively. The future minimum lease payments required under these lease agreements for each of the succeeding five years are \$115,734 each year.

Note 7. Eligible Telecommunication Carrier

During the prior year, the Company was granted Eligible Telecommunication Carrier (ETC) status by the Kentucky Public Service Commission. As an ETC, the Company receives funding from the federal Universal Service Fund (USF) to support the high cost of providing local telephone service in rural areas. USF payments amounted to \$3,716,602 and \$589,913 for 2006 and 2005 respectively.

Note 8. Impairment of Goodwill

During 2005, the Company completed its annual valuation of the acquired goodwill related to paging acquisitions. Pursuant to the valuation, the Company expensed the remaining balance of goodwill. In management's judgment, the underlying assets associated with the goodwill were determined to be of substantially less value than the amount originally paid. The Company disputed the amount based upon the estimated current market value of the purchased customer lists, which approximates the current amortized book value. Accordingly, the entire balance of the remaining note payable issued as part of the acquisitions, along with the related accrued interest, has been written off due to the impairment of goodwill.

The following is a summary of the impairment of goodwill expense included in the financial statements for the year ended December 31, 2005:

Goodwill	\$ 787,286
Note payable	(400,000)
Accrued interest	(56,000)
	<u>\$ 331,286</u>
