PSC Reference – Case No. 2008-00135

Dear Mr. Hughes:

The Public Service Commission has received Sprint Communications Company's Petition for confidential treatment requesting to protect as confidential certain information contained in certain attachments to the discovery Responses. The information is described as Confidential Attachments DR-2, DR-6, DR-7, DR-11 and DR-15 and includes the precise physical location and other identifying information related to infrastructure, wireline and wireless switches, customer information, call detail records and cell sites.

Based upon a review of the information, the Commission has determined that the following items are not entitled to confidential treatment:

Attachment DR-15:

- (1) Field descriptions
- (2) NPAs in service by number

This information does not meet the criteria for confidentiality and therefore, confidential protection is denied.

The information denied confidentiality will be withheld from public inspection for 20 days from the date of this letter. If you disagree with the Commission's decision, you may seek rehearing with the Commission within 20 days of the date of this letter under the provision of KRS 278.400.

Based upon the Commission's review of the information contained in Responses DR-2, DR-6, DR-7, DR-11 and portions of DR-15 not listed above, the Commission has determined that this information does meet the criteria for confidentiality and therefore, is entitled to the protection requested on the grounds relied upon in the Petition and should be withheld from public inspection.

If the information becomes publicly available or no longer warrants confidential treatment, Sprint Communications Company. is required by 807 KAR 5:001, Section 7(9)(a), to inform the Commission so that the information may be placed in the public record.

Sincerely,

Stephanie Stumbo
