RULES & REGULATIONS

CREDIT /DEBIT CARDS:

All customers may pay their bill by credit or debit card. This method of payment may be made in person at the utility office or by telephone.

If on the bill due date an attempt to pay the credit card or debit card is made and the card is declined for any reason, payment is still due in full on that date and will be considered late after that date. All late charges and penalties will be applied. If a customer is paying on our disconnect day and the card is denied, the same rules as above apply, in addition to service being disconnected.

When a customer makes a payment by credit card, the utility will assess a fee equal to that charged to the utility by the credit or debit card processing company to process the transaction. This fee is generally calculated using a formula applied to the balance of the amount charged to the credit or debit account but may be a flat fee per transaction. Prior to processing the transaction, the customer will be informed of the fee amount and, upon request by the customer, the formula employed to arrive at this fee amount.

CLASSIFICATION OF SERVICE

DENIAL-OF-ACCESS CHARGE:

A customer must provide meter access to district employees for meter reading purposes. If the district cannot read a customer's meter due to a lack of reasonable or unobstructed access, the district will contact the customer and negotiate corrective action and an agreed date and time for the meter to be read by the district. At the agreed-upon date and time, the customer shall provide access to the meter by moving any obstruction, restraining any animal, or removing anything that prevents access to the meter. If the customer fails to provide meter access at the agreed-upon date and time, the district shall assess the customer a denial of access charge of \$25.00 to recover the cost of providing the special service. The customer bill will be estimated and the \$25.00 denial-of-access charge will be placed on the next bill as a separate line item.
