Re: Case No. 2008-00169

Dear Mr. Derouen:

Since East Kentucky Power Cooperative, Inc. ("EKPC") is a generation and transmission cooperative that provides electricity to its 16 member systems at the wholesale level, it will not be filing a net metering tariff. EKPC perceives the net metering tariff to be a retail tariff.

If the Commission believes EKPC's position in this regard is erroneous, please let me know as soon as possible.

Sincerely yours,

Mark David Goss
