PUBLIC SERVICE  
COMMISSION

Please No Rate Increases.

When Customers and Communities  
Cut BACK on power use  
to help SAVE money and the  
Environment, it naturally will  
cut the income of K.U. and  
other suppliers.

That Does not Justify  
AT Rate increase to RAISE  
income. IT Defeats the  
purpose of cutting BACK.  
P.S. Fuel is Down Now

Thanks
