

I am 82 years old, I've been  
a widow for 30 yrs.

I read in the paper that Social  
Security checks were going up  
about \$6.00 in January. That  
was great. A week later I  
read in the paper that L&E  
wants to raise rates again and  
the water company also wants  
to raise their rates.

We just can't win. I've  
always made the repairs to my  
home but I'm not able to do  
that any more. I need the money.
