Case: LG + E Rate Hike

COMMENTS: 2008-00252

Please have the PSC reopen Case # 2004-00507 + re-evaluate the need for Trimble #2. The growth rate in usage has fallen from 1.9 to 1.3, which is significant. The order issued by the PSC at that time (2004) specifically said to evaluate whether the company needs to speed up, slow down, or stop construction completely.

Thank you!
