I was unable to attend the open meeting last night but would like to ask that the Kentucky Public Service Commission not allow this rate hike. Customers of LG&E are tired of being gouged by them. Because LG&E has a monopoly on the service they provide, they think they should be able to charge the consumer any amount they want. It is time someone stood up to LG&E and said "enough is enough ... not this time!!" The consumer has to have someone to watch out for THEIR best interests rather than the interests of LG&E. Can we count on you?

Thank you!
