To All Fair Legislators:

You surely know someone in this **same** position, PLEASE think about this.

I am a widow on a fixed income. I'm not looking for a handout. I am looking for fairness. We had to choose between milk and gasoline last year. Are you going to make choose between food and LG&E bills now. My bill already went up drastically and supposedly the rate increase hasn't gone through yet. Maybe if some of the fatcats at the top cut their salary a little, we would not have to do this. It's always the little people that get hit with the increases. Those with money can afford rate hikes.
