

2008 00252

Dear Ms. Avery:

The PSC has received your comments regarding the rate adjustment requested by Louisville Gas and Electric Co. Your comments will be placed into the case file for the Commission's consideration. For your future reference, the case number in this matter is 2008-00252. Please reference this case number in any future correspondence.

The case file in this matter, as in all matters before the PSC, is available at the PSC Web site.

Thank you for taking the time to share your views.

**Auto forwarded by a Rule**

Dear Public Service Commissioners,

At this critical time in our global climate change, it is absolutely imperative, according to the most-respected climate scientists that we change from using coal to less polluting energy sources. It is not the time to invest in new coal plants, but rather high time to conserve, reduce our coal consumption, and support development of renewable energy sources, for the health of our planet, our children's future, and care of God's green earth---our responsibility!

Clean coal is a misnomer. Thank you for doing the right thing for our future.
