Dear Public Service Commission,
I feel the recent rate increase on both electric and gas for us in Oldham County is unfair and exorbitant. We are on Social Security and can't afford the \$400.00+ bill we got last month. This month is even colder.

**attn. PSC,
Well run utility companies plan on storm damage and
have contingency funds available when these events
occur. Jacking electric and natural gas rates is not the
customers responsibility. As our Commissioners, please
disallow the requested increase.**

Our utility bill is skyrocketing. Last month it was over \$400!
We are on a fixed income and because of case No. 2008-00252 we are struggling to pay our bill.

I would appreciate you looking into this matter. Thank you Carole Logan
