COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF LOUISVILLE GAS AND)
ELECTRIC COMPANY, INC. FOR AN) CASE NO. 2008-00252
ADJUSTMENT OF ITS ELECTRIC AND)
GAS BASE RATES)

O R D E R

On July 29, 2008, Louisville Gas and Electric Company ("LG&E") tendered for filing an application for an adjustment of its electric and gas rates based on a historic test period. The application proposed that the new rates become effective on September 1, 2008. By Commission letter dated August 6, 2008, LG&E was notified that its rate application was rejected as deficient because its customer notice did not include the proposed change in customer deposits, as required by 807 KAR 5:001, Section 10(3)(b).

In response to the Commission's rejection letter, LG&E filed, on August 7, 2008, a supplemental customer notice which discloses the proposed increases in customer deposits, along with a motion to accept its application as of that date. LG&E's motion states that its supplemental customer notice will be published the first of three times in a newspaper of general circulation in its service area by August 14, 2008.

Based on a review of LG&E's supplemental customer notice and being otherwise sufficiently advised, the Commission finds that the deficiency noted in our August 6, 2008 letter has been cured. The supplemental customer notice will be published for the

first time on August 14, 2008. Since 807 KAR 5:001, Section 10(4)(c)3, requires the first publication to be within 7 days of the filing of the application, the earliest that the application can be accepted for filing is August 7, 2008. Therefore, the Commission will accept for filing LG&E's rate application on August 7, 2008. Based on that filed date and the 30 days' notice requirement set forth in KRS 278.180(1), the earliest possible effective date for LG&E's proposed electric and gas rates is September 6, 2008.

Based on a review of LG&E's rate application, the Commission further finds that an investigation will be necessary to determine the reasonableness of the proposed rates and that the investigation cannot be completed by September 6, 2008. Therefore, pursuant to KRS 278.190(2), the Commission will suspend the effective date of the proposed rates for 5 months.

The Commission expects the parties to use their best efforts to informally resolve any discovery disputes or requests for extensions of time. Any such informal resolution should be promptly reduced to writing and filed with the Commission and all parties of record. Absent informal resolution, an objection or motion should be filed at least 4 business days prior to the established due date. If this deadline is not met, the filing party should include in the written objection or motion a full and complete explanation for such failure.

IT IS THEREFORE ORDERED that:

1. LG&E's rate application is accepted for filing on August 7, 2008.
2. LG&E's proposed rates, which are to be effective on September 6, 2008, are suspended for 5 months, up to and including February 5, 2009.

3. The procedural schedule set forth in Appendix A, which is attached hereto and incorporated herein, shall be followed.

4. a. All requests for information and responses thereto shall be appropriately bound, tabbed, and indexed and the original and 10 copies shall be filed with the Commission, with copies to all parties of record. Any request for information by letter from the Commission Staff shall be responded to as if set forth in a Commission Order. All responses shall include the name of the witness who will be responsible for responding to questions related to the information provided.

b. Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or an association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

c. A party shall make timely amendment to any prior responses if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect.

d. For any requests to which a party fails or refuses to furnish all or part of the requested information, that party shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

5. Any party filing testimony shall file an original and 10 copies with the Commission, with copies to all parties of record.

6. LG&E shall give notice of the hearing in accordance with the provisions set out in 807 KAR 5:011, Section 8(5). At the time publication is requested, LG&E shall forward a duplicate of the notice and request to the Commission.

7. At any public hearing in this matter, neither opening statements nor summarization of direct testimonies shall be permitted.

8. Any objections or motions relating to discovery or procedural dates shall be filed upon 4 business days' notice or the filing party shall explain, in writing, why such notice was not possible.

9. Motions for extensions of time with respect to the schedule herein shall be made in writing and will be granted only upon a showing of good cause.

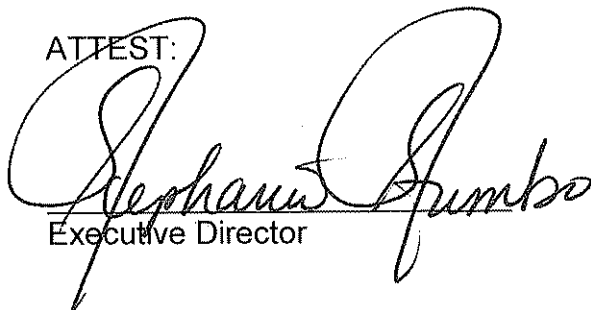

10. Nothing contained herein shall prevent the Commission from entering further Orders in this matter.

Done at Frankfort, Kentucky, this 15th day of August, 2008.

By the Commission

Chairman Armstrong abstains.

ATTEST:

Stephanie Jumbo
Executive Director
