Re: SouthEast Telephone, Inc., Complainant v. BellSouth
Telecommunications, Inc. d/b/a AT&T Kentucky, Defendant
KSPC 2008-00279

Dear Mr. Derouen:

Enclosed for filing in the above-referenced case are the original and five (5) copies of BellSouth Telecommunications, Inc.'s d/b/a AT&T Kentucky Revised Response to Item 1 of the Staff's Second Set of Data Requests dated March 20, 2009. The revision corrects a typographical error in line 5 of paragraph 2 of AT&T Kentucky's Response, specifically the rate for the business class service. The line should read "for the business class of service \$66.16 (first) and \$18.58 (additional)."

Sincerely,

Mary K. Keyer

REVISED RESPONSE

AT&T Kentucky
KY PSC Docket No. 2008-00279
Staff's 2nd Set of Data Requests
March 20, 2009
Item No. 1
Page 1 of 1

REQUEST: Refer to SouthEast's Response to Item 3 of the Commission's December 11, 2008 data request. Provide a reference to the interconnection agreement or other contract between the parties on which AT&T Kentucky relies to support the loop installation charges and port installation charges for converted lines.

RESPONSE: In the Attachment 2 Rate Exhibit of the Parties' Interconnection Agreement the non-recurring charge for an unbundled copper loop – non-designed is \$44.97 (first) and \$20.89 (additional). There are also nonrecurring disconnect charges that apply when the loop is disconnected. These are \$25.64 (first) and \$6.65 (additional). These rates are not based on a specific class of service, so they would apply to both residential and business end users.

In Exhibit A of Attachment 1 of the Parties' Market-Based Rates Agreement (where the 2-wire commercial port resides), the nonrecurring charges for the stand-alone 2-wire commercial port are: (1) for the residential class of service \$34.95 (first) and \$12.48 (additional); and (2) for the business class of service \$66.16 (first) and \$18.58 (additional). There are no nonrecurring disconnect charges for the 2-wire commercial port.

Furthermore, and this has been inadvertently omitted by the Parties in the discussion of the commingled elements rates, there is a third relevant element that applies, the cross-connect. In the Parties' Interconnection Agreement a single 2-wire cross connect has nonrecurring charges of \$24.68 (first) and \$23.68 (additional). This cross connect also has nonrecurring disconnect charges of \$12.14 (first) and \$10.95 (additional).

CERTIFICATE OF SERVICE – PSC 2008-00279

It is hereby certified that a true and correct copy of the foregoing was served on the following individuals by U.S. Mail this 9th day of July, 2009.
