To the Board of Directors
Kenergy Corp.
Henderson, Kentucky

We have audited the accompanying balance sheets of Kenergy Corp. (Kenergy) as of December 31, 2007 and the related statements of revenue and expenses, changes in members' equities, and cash flows for the year then ended. These financial statements are the responsibility of Kenergy's management. Our responsibility is to express an opinion on these financial statements based on our audits. The financial statements for the year ended December 31, 2006 were audited by other auditors who expressed an unqualified opinion on the financial statements in their report dated March 28, 2007.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion the financial statements referred to above present fairly, in all material respects, the financial position of Kenergy as of December 31, 2007, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 18, 2008, on our consideration of Kenergy's internal control over financial reporting and on our tests of compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

A handwritten signature in cursive ink that reads "Neel, Crafton & Phillips, LLP". The signature is written over two lines, with "Neel, Crafton & Phillips," on the top line and "LLP" on the bottom line.

Interest paid, net of amounts capitalized	\$ 5,703,124	\$ 5,288,979

Notes to Financial Statements

Kenergy Corp.

ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Kenergy is a nonprofit electric distribution cooperative association which provides electric power to approximately 54,617 residential, commercial and industrial customers located in fourteen western Kentucky counties.

Basis of Accounting

The accounting policies of Kenergy reflect those prescribed by the United States Department of Agriculture Rural Utilities Service (RUS) and the Kentucky Public Service Commission (KPSC), which conform with accounting principles generally accepted in the United States of America in all material respects.

Revenues

Revenues are accrued when services are rendered based on rates authorized by the KPSC.

Utility Plant

Utility plant is stated at original cost, net of contributions, which is the cost when first dedicated to public service. Kenergy capitalizes supervisory and overhead costs applicable to construction projects.

Maintenance and repairs of property units and renewals of minor items of property are charged to maintenance expense accounts. The costs of replacing complete property units are charged to utility plant accounts and the original cost of distribution plant property units retired and cost of removal, net of salvage value, are charged to accumulated depreciation.

Depreciation

Depreciation is provided on the basis of the estimated useful lives of assets at straight-line rates, which for 2007 and 2006, were as follows:

Distribution plant	2.20% to 6.75%
General plant	2.00% to 15.60%

Kenergy uses the composite method of depreciation for distribution plant and the unit method of depreciation for general plant.

Investments

As more fully described in the following notes, Kenergy's investment in a generation and transmission corporation is recorded at zero. All other investments of Kenergy are stated at cost, which approximated fair value.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, money market funds, and investments with an original maturity of three months or less. The carrying amount reported in the balance sheet for cash and cash equivalents approximates fair value.

Material and Supplies

Materials and supplies inventories are stated at the lower of cost or market using the average cost method.

Notes to Financial Statements

Kenergy Corp.

ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

UTILITY PLANT

Utility plant at December 31 consists of the following:

	2007	2006
Distribution plant	\$ 202,842,778	\$ 194,082,590
General plant	20,846,828	20,634,711
	223,689,606	214,717,301
Less accumulated depreciation	53,319,541	48,193,716
	170,370,065	166,523,585
Construction in progress	1,097,194	3,010,053
	<hr/> \$ 171,467,259	<hr/> \$ 169,533,638

Depreciation expense for the years ended December 31, 2007 and 2006, was \$8,111,347 and \$7,018,256, respectively.

Interest capitalized during 2007 and 2006 related to construction of utility plant was \$73,029 and \$82,651, respectively.

INVESTMENTS

Generation and Transmission Corporation

As discussed in preceding notes, Kenergy purchases electric power from Big Rivers, a generation and transmission cooperative association. The membership of Big Rivers is comprised of Kenergy and two other distribution cooperatives.

The following is an audited summary at December 31 of financial information pertaining to Big Rivers:

Amounts below are in thousands, 000's omitted

	2007	2006
Balance Sheet Data:		
Assets:		
Current assets	\$ 199,886	\$ 118,310
Noncurrent assets	1,119,230	1,136,079
Total assets	1,319,116	1,254,389
Liabilities:		
Current liabilities	85,464	34,339
Noncurrent liabilities	1,408,650	1,437,421
Total liabilities	1,494,114	1,471,760
Equities (deficit)	(174,998)	(217,371)

Notes to Financial Statements

Kenergy Corp.

INVESTMENTS, CONTINUED

Income statement data:	Amounts below are in thousands, 000's omitted	
	2007	2006
Revenues	\$ 329,870	\$ 258,588
Operating margin	\$ 27,080	\$ 17,598
Net margin	\$ 47,177	\$ 34,542

The above summary was obtained from Big Rivers audited financial statements as of and for the years ended December 31, 2007 and 2006. Big Rivers experienced significant operating losses in prior years and has a net equities deficiency of approximately \$175 million dollars as of December 31, 2007. Because the equity of Big Rivers Electric Corporation is a deficit, Kenergy's investment in Big Rivers is reflected as zero in accordance with accounting principles generally accepted in the United States of America.

Other Investments

The more significant other investments are as follows:

Capital Term Certificates (CTC's) of the National Rural Utilities Cooperative Finance Corporation are carried at cost which approximates market. The investment at December 31, 2007 and 2006 totaled \$2,528,878. The CTC's mature in varying amounts from 2020 to 2080 and bear interest at 0%, 3%, and 5% per year.

Investment in CoBank, an international cooperative bank, is a required investment which is carried at cost and totaled \$1,658,601 and \$1,464,748 at December 31, 2007 and 2006, respectively. Under the terms of this Loan Base Capital Plan, Kenergy's investment in CoBank (stock and allocated surplus from CoBank) is required to be 10% of Kenergy's average loan balance due to CoBank for the past five years accumulated through equity issued as a patronage return.

Kenergy's Retirement Trust totaling \$1,268,541 and \$1,449,703 at December 31, 2007 and 2006, respectively, represents amounts set aside to fund Kenergy's deferred compensation agreements and are stated at fair value.

Economic development loans represent interest free loans made to qualifying applicants to promote rural economic development. Kenergy borrows monies from RUS pursuant to the Rural Electrification Act of 1936 and in turn loans these monies to qualifying applicants. The loans are secured by letters of credit, thereby eliminating Kenergy's exposure to loss. Amounts outstanding at December 31, 2007 and 2006, were \$1,955,513 and \$2,313,388, respectively.

Notes to Financial Statements

Kenergy Corp.

LONG-TERM DEBT

Long-term debt at December 31 consists of:

	2007	2006
First mortgage notes payable to: RUS in quarterly and monthly installments of varying amounts through 2038		
Interest rate term fixed to principle maturity:		
4.125% notes	\$ 1,707,402	\$ 4,840
5% notes	17,605,336	18,215,209
Treasury notes- average rate of 4.84% at December 31, 2007	22,088,806	-

	<u>\$ 129,556,979</u>	<u>\$ 117,705,836</u>

Notes to Financial Statements

Kenergy Corp.

LONG-TERM DEBT, CONTINUED

Aggregate annual maturities of long-term debt at December 31, 2007 are:

2008	\$ 4,609,293
2009	4,673,920
2010	4,600,440
2011	4,658,760
2012	4,720,189
Thereafter	110,903,670
	<hr/>
	\$ 134,166,272

SHORT-TERM BORROWINGS

Kenergy has unsecured line of credit agreements with financial institutions permitting short-term borrowings for general corporate purposes totaling \$35,000,000. Rates for such borrowings are variable. There was \$0 and \$5,000,000 outstanding under these agreements at December 31, 2007 and 2006, respectively. The rate at December 31, 2007 was 6.40%.

MAJOR CUSTOMERS

Operating revenue for 2007 and 2006 includes approximately \$250.9 million and \$225.8 million, respectively, attributable to sales of power to two aluminum smelting customers. Accounts receivable from these customers totaled \$21.1 million and \$17.3 million at December 31, 2007 and 2006, respectively.

Operating revenue also includes sales of power to six other large industrial customers totaling approximately 7.06% and 7.72% of Kenergy's operating revenue for 2007 and 2006, respectively.

COST OF POWER

Kenergy presently purchases all of its power and energy requirements from Big Rivers Electric Corporation (Big Rivers) under wholesale power contracts which expire in 2023 with the exception of the power and energy requirements of its two major customers, which is supplied by LG&E Energy Marketing, Inc. and other suppliers under power purchase agreements expiring annually through December 31, 2011. Accounts payable under such contracts were \$16.3 and \$10.7 million, respectively, at December 31, 2007, and \$9.2 million and \$14.4 million, respectively, at December 31, 2006.

PENSION PLANS

Kenergy has various pension plans covering its employees.

Noncontributory Defined Benefit Plan

Kenergy has a noncontributory defined benefit pension plan covering former Green River Electric Corporation (GREC) employees who were members of the plan on January 1, 1987. Employees with an original date of hire on or after January 1, 1987, are not eligible to join the defined benefit plan. The benefits are based on years of service and the employee's highest average monthly compensation for three consecutive years of service.

Notes to Financial Statements

Kenergy Corp.

PENSION PLANS, CONTINUED

Noncontributory Defined Benefit Plan, continued

Kenergy amended the defined benefit plan effective January 1, 1987, to offset benefits accruing after January 1, 1987, by the benefits provided by the defined contribution plan discussed below. Kenergy has adopted the provisions of Statement of Financial Accounting Standards No. 87, "Employer's Accounting for Pensions," as amended by Statement of Financial Accounting Standards No. 132, "Employers' Disclosures about Pensions and Other Postretirement Benefits."

FASB Statement No 158 "Employers Accounting for Defined Benefit Pension and Other Postretirement Plans" was adopted during the year ended December 31, 2007. FASB No. 158 requires that the full funding status of a defined benefit pension plan and other post retirement plans be recognized on the balance sheet as an asset (for over-funded plans) or as a liability (for under-funded plans).

In addition, FASB No 158 calls for recognition in other comprehensive income of gains or losses and prior service costs or credits that are not yet included as components of expense.

Finally, FASB No. 158 requires that the measurement of defined benefit plan assets and obligations be as of the balance sheet date. The cooperative adopted the provisions of this statement effective for the year ended December 31, 2007. As shown in the accompanying statement of members' equities, \$533,000 was reflected as a charge against other comprehensive income. A liability has also been recorded in the amount of \$533,000.

Net pension cost (income) for 2007 and 2006 included the following components:

	2007	2006
Service cost	\$ 51,000	\$ 57,000
Interest cost on projected benefit obligation	107,000	107,000
Expected return on plan assets	(105,000)	(94,000)
Net amortization and deferral	33,000	87,000
Settlement	-	67,000
Pension Cost (income)	\$ 86,000	\$ 224,000

The following table sets forth the plan's funded status and the amount recognized in Kenergy's balance sheet at December 31:

Notes to Financial Statements

Kenergy Corp.

PENSION PLANS, CONTINUED

Noncontributory Defined Benefit Plan, continued		2007	2006
Accumulated benefit obligation:			
Vested	\$ 1,487,000	\$ 1,300,000	
Projected benefit obligation	2,077,000	1,913,000	
Plan assets at fair value	1,686,000	1,282,000	
Deficiency of plan assets over projected benefit obligation	(391,000)	(631,000)	
Unrecognized net loss	560,000	533,000	
Net amount recognized	\$ 169,000	\$ (98,000)	
Amounts recognized consist of:			
Prepaid benefit cost	\$ 169,000	\$ -	
Accrued pension liability	-	(98,000)	
Intangible asset	-	-	
Accumulated other comprehensive income	-	-	
Net amount recognized	\$ 169,000	\$ (98,000)	

In determining the actuarial present value of the projected benefit obligation, the weighted average discount rate used was 5.75% for the periods ended December 31, 2007 and 2006, respectively, and the rate of increase in future compensation levels was 4.00% for 2007 and 2006. The expected long-term rate of return on assets was 7.50% for the periods ended December 31, 2007 and 2006. Plan assets consist of investments in a guaranteed investment contract and pooled separate accounts. Employer contributions totaled \$353,000 and \$121,000 for the years ended December 31, 2007 and 2006, respectively, while there were no employee contributions. Kenergy expects to contribute \$0 to this pension plan for the year ending December 31, 2008. Benefits paid totaled \$0 and \$5,000 for the years ended December 31, 2007 and 2006, respectively. Settlements totaled \$0 and \$217,000 for the years ended December 31, 2007 and 2006, respectively.

The expected long-term rate of return on plan assets for determining net periodic pension cost for each fiscal year is chosen by Kenergy from a best estimate range determined by applying anticipated long-term returns and long-term volatility for various asset categories to the target asset allocation of the plans, as well as taking into account historical returns.

Notes to Financial Statements

Kenergy Corp.

PENSION PLANS, CONTINUED

Noncontributory Defined Benefit Plan, continued

The general investment objectives are to invest in a diversified portfolio, comprised of both equity and fixed income investments, which are further diversified among various asset classes. The diversification is designed to minimize the risk of large losses while maximizing total return within reasonable and prudent levels of risk. The investment objectives specify a targeted investment allocation for the pension plans of up to 47.5% equities, 47.5% bonds and 5% real estate. Objectives do no target a specific return by asset class. These investment objectives are long-term in nature. As of December 31, 2007 the investment allocation was approximately 46.7% equities, 48.9% bonds, and 4.4% real estate. Applying the year-end 2007 since inception rate of returns for each investment category to the balances in each category produced an expected rate of return of approximately 7.75%

Estimated benefit payments for the years following 2007 are as follows

2008	\$ 413,000
2009	3,000
2010	2,000
2011	487,000
2012	54,000
2013 to 2017	870,000

Savings and Retirement Plan

Effective January 1, 1987, Kenergy adopted a defined contribution savings and retirement plan. This plan is available to all former GREC employees and all newly hired employees of Kenergy on or after July 1, 1999, excluding temporary employees, with six months of service, who work at least 1,000 hours during each twelve-month period following their date of employment. Under this plan, Kenergy contributes 6% of each employee's annual compensation. In addition, Kenergy will provide matching contributions equal to 50% of each employee's contribution; however, Kenergy's matching contribution will not exceed 5% of each employee's compensation. Employer contributions under this plan totaled \$569,266 and \$569,746 for the years ended December 31, 2007 and 2006, respectively.

Notes to Financial Statements

Kenergy Corp.

PENSION PLANS, CONTINUED

NRECA Retirement and Security Program

All eligible employees of the former Henderson Union Cooperative Corporation (HUEC) participate in the NRECA Retirement and Security Program (Program), a defined benefit pension plan qualified under Section 401 and tax-exempt under Section 501(a) of the Internal Revenue Code. Kenergy makes annual contributions to the Program equal to the amounts accrued for pension expense. Non-SERP contributions were \$452,481 and \$428,727 for 2007 and 2006, respectively. In this multi-employer plan, which is available to all member cooperatives of NRECA, the accumulated benefits and plan assets are not determined or allocated separately by individual employer.

Retirement Savings Plan

The Retirement Savings Plan is available for all eligible former HUEC employees. The plan allows participants to make contributions by salary reduction, pursuant to Section 401(k) of the Internal Revenue Code. Kenergy will match the contributions of each participant, up to 3% of the participant's base compensation. Kenergy contributed \$86,733 and \$85,996 for 2007 and 2006, respectively. Participants vest immediately in their contributions and the contributions of Kenergy.

Deferred Compensation Plan

The Kenergy Corp. 457(b) Deferred Compensation Plan allows designated senior management personnel the opportunity to make salary deferral contributions into a retirement plan once they reach the IRS limit on voluntary contributions into their 401(k) plan. Plan contributions were \$4,423 and \$911 for the years ending December 31, 2007 and 2006, respectively.

DEFERRED COMPENSATION

Included in other investments and other non-current liabilities is \$1,268,541 and \$1,449,703 at December 31, 2007 and 2006, respectively, relating to deferred compensation agreements. The deferred compensation plan was frozen in 1999. Benefits are being paid out and the obligation is being relieved over a period of ten years through approximately 2012.

FINANCIAL INSTRUMENTS

Statement of Financial Accounting Standards No. 107, "Disclosures about Fair Value of Financial Instruments," requires Kenergy to disclose estimated fair values of its financial instruments. Fair value estimates, methods, and assumptions are set forth below for Kenergy's financial instruments:

The carrying amounts of cash and cash equivalents, accounts receivable, other current assets, accounts payable, and other current liabilities approximate fair value because of the short-term maturity of those instruments.

In management's opinion, the carrying value of long-term debt also approximates fair value.

Notes to Financial Statements

Kenergy Corp.

FINANCIAL INSTRUMENTS, CONTINUED

Kenergy's financial instruments that are exposed to concentrations of credit risk consist primarily of cash and trade accounts receivable. Kenergy had cash deposits in a financial institution in excess of the amount insured by the Federal Depository Insurance Corporation (FDIC) at December 31, 2007 and 2006. The risk is managed by maintaining all deposits in high quality institutions. Kenergy routinely assesses the financial strength of its customers and, as a consequence, believes that its trade accounts receivable credit risk exposure is limited.

RELATED PARTY TRANSACTIONS

Big Rivers provides billing, safety training, and other services to its three distribution cooperative members for which it is not reimbursed. Big Rivers reimburses its members for economic development costs. Through March 2007, Kenergy was also reimbursed for marketing personnel who provide services for all three of Big Rivers' members. Such services requested for reimbursement from Big Rivers during the years ended December 31, 2007 and 2006, totaled \$434,555 and \$215,446, respectively, of which \$175,053 and \$57,737, respectively, was included in accounts receivable. These amounts do not include the cost of computer programming, safety training and postage provided but not quantified.

INCOME TAX STATUS

Kenergy is exempt from federal and state income taxes under section 501(c)(12) of the Internal Revenue Code and, accordingly, the accompanying financial statements include no provision for such taxes.

LIMITATION ON DISTRIBUTIONS

Without the prior written approval of RUS, Kenergy shall not in any calendar year make any Distributions (exclusive of any Distributions to the estates of deceased natural patrons) to its members, stockholders or consumers except as follows:

If, after giving effect to any such Distribution, the Equity of the Borrower shall be greater than or equal to 20% of its Total Assets and the aggregate of all Distributions made during that calendar year when added to such Distribution shall be less than or equal to 25% of the prior year's margins.

If, after giving effect to any such Distribution, the Equity of the Borrower shall be greater than 30% of its Total Assets; or

Provided however, that in no event shall Kenergy make any Distributions if there is unpaid, when due, any installment of principal of (premium, if any) or interest on any of its payment obligations secured by the mortgage, if the borrower is otherwise in default hereunder or if, after giving effect to any such Distribution, the Borrower's current and accrued assets would be less than its current and accrued liabilities.

RISK MANAGEMENT

Kenergy is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Kenergy carries commercial insurance for all risks of loss, including workers' compensation, general liability and property loss insurance. As is customary in the utility industry, Utility Plant is not insured with the exception of substations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in 2007 and 2006.

Notes to Financial Statements

Kenergy Corp.

SUBSEQUENT EVENTS

The Big Rivers board of Directors adopted resolutions on February 23, 2007, authorizing management, among other things, to execute a Transaction Termination Agreement among Big Rivers Electric Corporation, LG&E Energy Marketing Inc., and Western Kentucky Energy Corp. (the "Termination Agreement"). The Termination Agreement establishes the terms on which Big Rivers, on the one hand, and LG&E Energy Marketing Inc. and Western Kentucky Energy Corp. on the other hand, agree to terminate a series of contractual relationships established in 1998 under which, among other things, LG&E Energy Marketing Inc. and Western Kentucky Energy Corp. currently lease and operate the generating units owned or previously operated by Big Rivers, and sell power to Big Rivers to use in meeting the requirements of its system. Those resolutions additionally authorize management to sign various agreements under which Big Rivers agrees to sell its member, Kenergy Corp., 850 MW, in the aggregate, for resale to Alcan Primary Products Corporation and Century Aluminum of Kentucky General Partnership, contingent upon the closing of the transaction contemplated in the Termination Agreement. Applications seeking the necessary state regulatory approvals and tariff revisions required to implement these transaction were filed with the Kentucky Public Service Commission on December 28, 2007, in P.S.C. Case Nos. 2007-00455 and 2007-00460.

**Report On Internal Control Over Financial Reporting And On
Compliance And Other Matters Based On An Audit of Financial
Statements Performed In Accordance With Government Auditing Standards**

To the Board of Directors
Kenergy Corp.
Henderson, Kentucky

We have audited the financial statements of Kenergy Corp. as of and for the year ended December 31, 2007, and have issued our report thereon dated March 18, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting:

In planning and performing our audit, we considered Kenergy's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Kenergy's internal control over financial reporting. Accordingly we do not express an opinion on the effectiveness of Kenergy's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow for management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or a combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above.

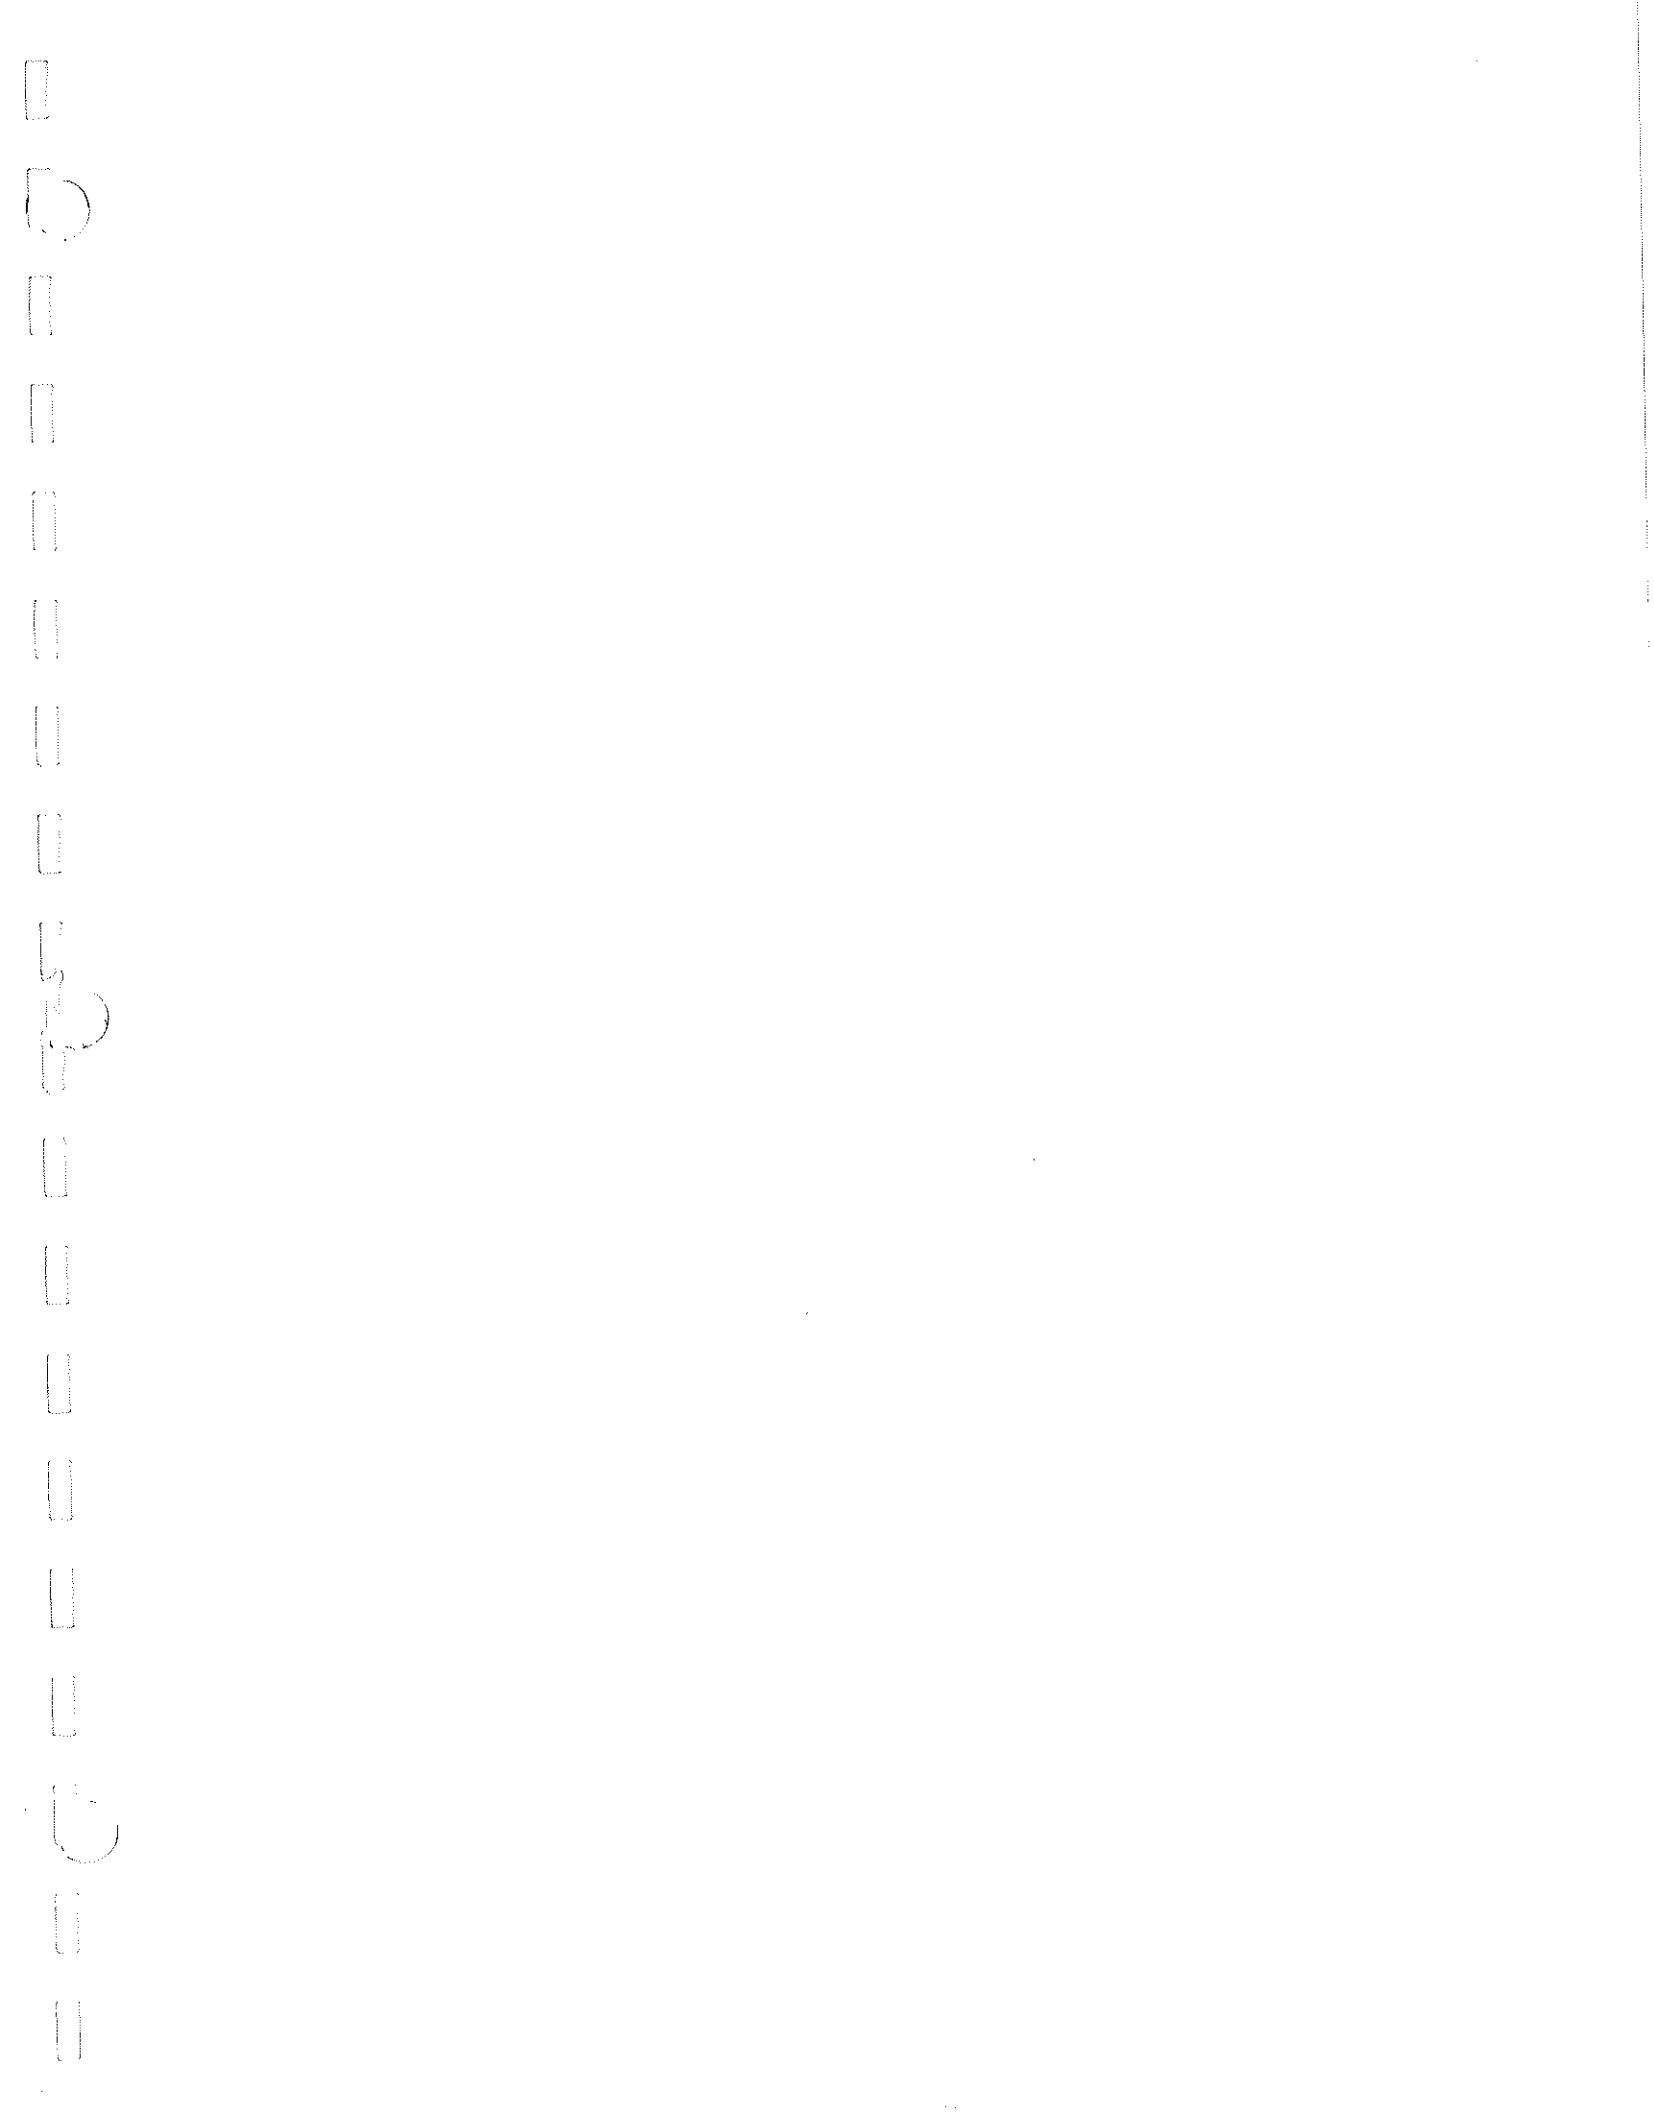

Compliance and Other Matters:

As part of obtaining reasonable assurance about whether Kenergy's financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters required to be reported under *Government Auditing Standards*.

This report is intended for the information of the audit committee, management, Board of Directors, and the Rural Utilities Service, and supplemental lenders and is not intended to be and should not be used by anyone other than these specified parties.

Your Touchstone Energy® Cooperative

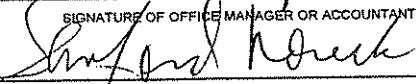

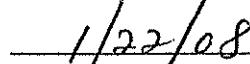

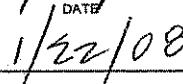

A NOTE TO OUR MEMBERS.....

Kenergy is proud to serve as your electric cooperative. The principles that have been guiding your cooperative for years still remain. Kenergy's mission is based on the following statement "Kenergy safely provides low-cost, reliable electricity and related services not readily available elsewhere".

Kenergy will continue to evaluate new technologies and their benefits to our customers, such as exploring new methods of controlling vegetation management and investing in our infrastructure to improve reliability and customer service.

Please be assured that Kenergy will continue to look for ways to hold down cost without jeopardizing service to our members. It is a privilege to serve you.
