RE: Formal application for tariff revisions & to increase certain non-recurring charges

This is an application to revise certain non-recurring charges for the Wood Creek Water District. Attached are the non-recurring charge cost justifications and the proposed new tariffs.

Wood Creek Water District is not requesting a water rate increase at this time. However, increased costs attributable to certain non-recurring charges can no longer be absorbed by the District. The customers affected by these increases will be the customers that cause the District to incur these additional expenses. The proposed non-recurring charges will not generate more than 5% of the total revenues for a twelve month period.

Wood Creek Water District is also requesting to increase the deposit for residential customers to \$60 and the deposit for commercial customers to \$100. These amounts do not exceed the average annual bill of residential and commercial customers served by the District and are equal to or less than 2/12 of their average annual bill.

The District has previously filed income statements and balance sheets with the Public Service Commission. These income statements and balance sheets are currently on file with the commission.

The District has published the enclosed public notice for three consecutive weeks. A copy of the notice is enclosed.

A copy of this application and related filings have been sent to the Office of the Attorney General, 700 Capitol Avenue, Suite 118, Frankfort, Kentucky 40601.

Sincerely,

Glenn Williams, Chairman
Wood Creek Water District
