Case No. 2008-00388 – Construct Cell Site
Geotechnical Investigation**

Dear Ms. Bowman:

In response to our telephone conversation regarding the filing deficiency of a geotechnical investigation report associated with Case No. 2008-00388, I am respectfully requesting an extension to file the report.

We have experienced a further delay in completing the geotechnical report but I have been informed that the investigation will begin no later than December 10th. I expect to have the completed investigation report filed with the Commission within approximately two weeks from that start date.

I apologize for the delay and thank you for your understanding. Please feel free to contact me with any questions.

Sincerely,

Todd R. Briggs
Counsel for New Cingular Wireless PCS, LLC
