Dear Public Service Commission:

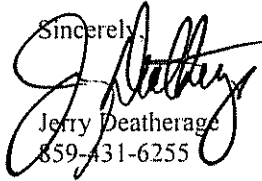

I am in receipt of the Administrative Notice regarding the delinquent 2007 Annual Report for Willow Pointe Sanitation Company.

Unfortunately, I was delayed due to the accountant's delay in completing our 2007 tax returns, which she said were needed to complete the Annual Report. Once the taxes were filed, I was promised the Annual Report and only received this afternoon following a discussion with her after receiving your notice.

I have attached correspondence via email in which I have been requesting the completion of the Annual Report, the Administrative Notice and the 2007 Annual Report for your review.

Please take all into consideration for this matter and contact me if there is additional information needed.

Sincerely,

Jerry Deatherage
