Case No.: 2008-00444

Dear Mr. Weston:

Thank you for your inquiry regarding Verizon Wireless' proposal to improve service in this area of Trimble County. Verizon Wireless is committed to the collocation of its equipment on suitable existing structures capable of supporting its facilities and meeting the radio frequency objectives of the project. Your tower was carefully evaluated as a possible collocation site, but it did not meet the engineering and technical requirements of the project.

Sincerely,

A handwritten signature in black ink that reads "Robert W. Grant". The signature is written in a cursive, flowing style.
