RE: Territorial Change

Dear Ms. Stumbo:

Kentucky Utilities Company ("KU") is herewith filing for Commission authorization the original and ten (10) copies of an Application for approval of certain changes in certified service territory, as agreed to between KU and Warren RECC.

In the Application, KU requests permission to file only two complete sets of the maps due to their bulk. If the Commission approves the requested territorial boundary changes, KU requests that the Commission affix its approved stamp to the two additional copies of the territorial maps, and return a copy to each of the affected utilities for its records.

Sincerely,

Rick E. Lovekamp

CASE NO. 2008 - 00459

APPLICATION

Kentucky Utilities Company ("KU"), pursuant to KRS 278.018(6) and 807 KAR 5:001 Section 8, hereby applies for approval of changes in certified service territory as agreed with Warren RECC. ("Warren").

1. Address: The Applicant's full name and post office address is Kentucky Utilities Company, One Quality Street, Lexington, Kentucky 40507.
2. Articles of Incorporation: A certified copy of Kentucky Utilities Company's Restated Articles of Incorporation is on file with the Commission in Case No. 2005-00471.
3. Statement of Business: KU is a public utility engaged in the business of generating, transmitting, and distributing electric service.
4. Description of Changes in Service Territory: KU and Warren have individually agreed to the requested territorial change.

The territorial boundary change requested involves a parcel of land that includes the property of Ms. Sara Tilford in Grayson County Kentucky. This requested change will serve the purposes of KRS 278.016 by avoiding the wasteful duplication of facilities and by minimizing disputes between retail electric suppliers. The change will also promote the orderly development of retail electric service. The territorial maps provided constitute the entire agreement between KU and Warren.

5. Agreement and Maps: Attached as Application Exhibit 1 of this filing includes the summary list identifying KU and Warren personnel familiar with the specifics of the facilities available, the reason for the change and purposes served under KRS 278.016, and copies of the territorial (quadrant) map, detail maps, and agreement signed by both parties for the property involved.

WHEREFORE, KU hereby requests, pursuant to KRS 278.018, that the Commission enter its order approving the service territory changes and Agreements allocating these electric consumers as agreed to by the parties. Due to the bulk of the maps, KU requests the Commission to deviate from 807 KAR 5:001 Section 8 (2) and permit KU to file only two complete sets of maps.
