Subject: Water Service CORPORATION OF KENTUCKY RATE INCREASE

Date: Mon, 23 Mar 2009 11:12 am

I strongly oppose the requested rate increase of 50.8% by Water SERVICE CORP. OF KY. Sewer rates in Clinton are 133% of our water bill .Example (\$25.00 water bill= \$33.25 sewer bill for a total of \$58.25) If \$25.00 bill increases to\$38.70 then sewer bill goes to \$51.47 for a total of \$90.17. After purchasing water system OUR LOCAL OFFICE WAS REDUCED TO TWO SERVICE PEOPLE. We have a local number to call but you are talking to someone in another state.Local issues are dealt with slowly if at all.
