RECEIVED  
MAR 31 2009  
PUBLIC SERVICE  
COMMISSION

I am a retired teacher living on a fixed retirement income with an average increase each year of 2%. This year my increase amounted to \$20 net per month, which isn't even enough to pay my present water bill which averages about \$20 per month. I understand that Utilities Inc. is asking for an approval ~~of a~~ (case No. 2008-00563 (Water Service Corp.) of a 50.87% rate increase which will be a great burden on the citizens of Clinton, Ky. Our population consists of many retired, older people and young people who have lost their jobs because of the loss of factories here. We are requesting that the representatives of the Commission come to Clinton for a public hearing. Obviously, people here cannot afford a trip to Frankfort.

Thanks,  
Wiene Walker
