RECEIVED

APR 09 2009

PUBLIC SERVICE
COMMISSION

CASE NO. 2008-00563

To Whom it may concern

Please be advised that if the requested rate increase of 50.8% by Utilities Inc. is allowed it will affect me in the following ways.

I am 73 years old and need to soak in bathtub every day for pain - also it will be a problem with flushing toilet water, because of the many times a day I need to use it because of bladder problems and other reasons. Also when people come to stay and help me with some things, I should not have to keep them from helping and washing my clothes and bedding that needs to be done because of water being used for my cleaning of myself and bedding for safety from getting ill. I need that because I have COPD and on Oxygen 24 hours a day. Use of water helps keep home bacteria and virus free. Thank you & think please of all water that needs to be used by people that have children & elderly home.

I request that you hold a public meeting in the city of Clinton so that the citizens can attend and voice their opposition to you directly.

Thank You
