Motion to Intervene Case # 2009-00459

To whom it may concern,

We as citizens of Lawrence County and customers of Kentucky Power Company ask you not to allow this rate increase. It is hard enough to pay bills now and buy everyday household items that our families need.

With the rate increase most people would have to choose between paying the electric bill or buying food or medicine that they need. We feel that it is not right to ask people to make these kinds of decisions. We think a rate increase in these tough economic times will hurt most people, so we ask you please not to approve this rate increase.

Thank you,

Customers of Kentucky Electric Power
