Dear Sirs:

I would like to express my opinion about the proposed rate increase which Ky. Power Co. has applied for. I think it is pure greed! We social security recipients received no, 0 increase for 2010. We senior citizens have it hard enough making ends meet as it is. I am enclosing my most recent bill from Ky. Power Co. As you can see it increased 40% from Nov. to Dec. even as the electrical lines were on the ground for 4 1/2 days during the Dec. billing period. Ky. Power Co. does this every year during the Christmas season. They can do this and get by with it because they have no competition. My plea to you folks is to refuse Ky. Power Co. their rate hike.

Thank you,
