Re: Kentucky Power Co. Proposed Changes to its Base Rate

Dear Sirs/Madam:

Please be advised that the purpose of this correspondence is to respond to Kentucky Power Companies proposed rate increase. As the Judge/Executive of Leslie County I would like to voice the concerns of myself and the residents of this County. Any increase would place an undue hardship on the people. With the declining economy, loss of jobs and higher unemployment rates we just cannot afford another increase on our utility bills. It would be a devastating setback on the customers to award such a request to multi-million dollar company.

Your attention to this matter is greatly appreciated.

Sincerely,

A handwritten signature in cursive script that reads "Jimmy Sizemore".
