Dear Sir PUBLIC SERVICE  
COMMISSION  
In regard to case  
No. 2009-00459, I wish to  
protest the rate hike  
on our electric bills.

like so many other  
customers I am on a  
fixed income and do not  
need to have higher  
electric bills.

We did not even get a  
cost of living raise, because  
they say the cost of living  
has not raised, what do  
you call this rate hike? I  
understand they may need more  
funds, but why such a large  
increase, we just can't afford  
to let it happen.
