RE: Case No: 2009-00459

We are responding to the letter we received concerning the proposed tariff. This is quite an increase for customers. The letter we received stated the average increase would be \$40 a month. Most customers have not budgeted for this 35% increase. Also, most customers will not be getting a raise from their employer due to bad economy, so how are customers supposed to pay this increase. Maybe if they would gradually do the increase it would help customers.

Sincerely,

Teresa Brown
