To Mr Jeff DeRouen

Sir My Name is Michael Stanford
and I live in Carter Co. At 661 CRISBS Hill
Rd IN GRAYSON Ky 41143.

I would like to bring my voice
of protest of this proposed rate increase
that AEP is trying to get. I can't
afford this and most households in Carter
Co. can't. My wife and I are both on fixed
incomes and seems that any extra money
we have is going to help our children and
grandchildren that are layed off or unemployed
and can't find jobs, and it seems that most
families in Carter Co are in the same boat.

I've read in the Grayson Journal
that the state is having a problem balancing
the budget and that Northeast spent 1.4
million dollars helping over 2000 households
with their utility bills, and I wonder where
is this going to end.

These are hard times in Kentucky
for most folks and this is not the
time for this rate increases or tax increases.

Please Don't Support This

Thank You
Michael L Stanford
