PUBLIC SERVICE
COMMISSION

Dear Commission,

On January 26, 2010
you received my protest
concerning Kentucky Power
Company. This is another
one concerning said company.

Not only do I pay my
power bill, I also pay one
in my daughters name at
a second house we own.
This house is seldom
occupied at present time,
so we only keep enough
power on to keep pipes
from freezing and etc.

Our last two bills
ran \$18.95 and \$26.43. Those
covered 3 lights, refrigerator
and one radio playing.

The radio was for the purpose
of keeping critters away,
the two legged kind.

When bad weather came we added ² small 110 headers. The next bill jumped to \$257.79.

These heaters were 1500 watt heaters.

$$1500 \times 2 = 3000 \text{ watts}$$

$$3000 \text{ watts} = 3 \text{ Kilowatts}$$

$$\begin{array}{r} 24 \\ \underline{3} \\ 72 \end{array}$$

$$\begin{array}{r} 3 \text{ Kilowatts hr.} \\ \underline{24 \text{ hrs} - \text{Day}} \\ 72 \text{ Kilowatts} - \text{Day (for)} \\ \underline{30 - \text{Day} - \text{month}} \\ 2160 - \text{Kilowatts month.} \\ \text{(for)} \end{array}$$

$$\begin{array}{r} 1253 \\ \underline{144} \\ 1109 \end{array}$$

1253 who used these kilowatt hours?

This is how they operate. It is easier to get in and see the Gold at Fort Knox than to see someone that works for the Company here in Hazard.

The first protest I sent was something I had written out of frustration and really was just getting it out of my system until I got those notices from the power company concerning the rate increase.

And another thing, why does the company wait until the timber becomes sawlog size before they cut it out from under the power lines? Come and see me and I will show you what I mean.

It has been close to two years since the company promised to cut timber away from the

4

lines going to the second house I described in the overuse of electricity. They ~~had~~ ^{have} not done it yet.

This letter of protest probably will do little good. But it makes me feel better. People here in Southeastern Kentucky complain but just pay-the-pauper and go on with there living. Since most of the real wealth is owned and controlled by outsiders, we feel we are the real serfs.

As I stated before, the company has not done the job after it was incorporated into one of them big companies that was-to-large-to-fail. It might not have failed financially, but it sure has when it comes to providing the service it was been paid to do.
