To Whom it may concern

This is to let you know that I am a 72 year old widow, who doesn't receive a large retirement (65.44) monthly nor do I receive a large Social Security check (1,019.00) to live and keep house on. I either buy my medicine or buy groceries, as well as, pay my utility bills. We don't expect people who make big bucks to pay for those of us who are retired + living very poorly. But to keep raising our utility bills is bad. I know the oil prices have raised, so you have to raise your ~~prices~~ prices but not what you're asking for!

Thank you.
