Dear Sir,

I'm writing in regard to the
purposed rate increase on our
Electric. My budget rate per month
is now \$126.00. With the rate
increase it would make it
more than I could manage, and
put an extreme hard ship on
my being able to keep my home.
My income is only \$894.00
per month and I barely get
by now. I am soon to be
67 years old in July. Please
try to help people like my
self. I am really hoping and
praying that we may be exempt
from the forth coming rate
increase.

Yours Truly,

300 Mc Coy St,
