Dear Friend,

Hello. My name is Norma Jean Foster. I have been a resident of Kentucky for sixty nine years. I am writing this letter in reference to the proposed Kentucky Power rate hike. Such a rate hike would be a financial burden to me as I already receive housing assistance. I am an elderly person who is retired and has no retirement except for social security.

I retired from a minimum wage job and my social security is barely enough to live on.

I wish to be exempt from this proposed rate hike. I realize that this is a difficult and challenging time for Kentucky Power but I struggle with difficult times just to pay my bills. Please do not do this to the senior citizens that are on a fixed income.

Thank you for your time.

Sincerely,

Norma Jean Foster
