PUBLIC SERVICE
COMMISSION

To whom it may concern;

after reading about the increase that Ky. Power Co. is asking for I felt like I wanted to voice my opinion. Why can't senior citizens be exempt from this raise? We are like other seniors (83 yrs) find it hard to stretch our monthly checks now

I understand the utilities have increases in operating expense. But so do we and we can't ask for an increase, it doesn't work that way

I know this letter won't make any difference. But thanks for listening. We certainly can use any help at all.

Sincerely
