PUBLIC SERVICE  
COMMISSION

4-25

Dear President and CEO

I am not 65 yet but I am living on a very low fixed income. There is no way I would be able to add another dime going out of my budget if you and your company choose to increase our rates! I can't do it!!

It hurts me so not to be able to afford family items when necessary but then to have to pay an additional dollar to a thriving company just makes me want to live in a box. I can't do it!!

You have to please please please reconsider this new charge and reconstruct your budget. Please help us poor citizens of your community meet the bills we already are struggling to pay.

Thank you for your time.

Gandy Holloway
