To Whom It Concerns:

I am writing to object to the proposed 34.95 percent increase in residential electric bills. I am a 66-year old widow on a fixed income.

It is becoming harder and harder just to get by, especially since Social Security recipients did not receive a raise this year. The proposed increase in electric bills will put undue stress and hardship on many seniors.

I would like to be exempt from this proposed increase. Thank you for your time and consideration.

Sincerely,

Margaret S. Brown
