To Whom It May Concern:

I am writing to you concerning the Electric Companies request to increase their rates. I live in Magoffin County. My income is limited to Social Security Benefits and the government hasn't increased our benefits this year. I would request that you keep this in mind when consider allowing the utility companies to increase their rates. We cannot afford to pay higher rates. Many times we have to make the choice of purchasing food, medicine or paying our household bills. So please do not allow them to increase the rates.

Thank you,

*Arnell Fittner

Dear Commissioners:

I have been informed that the Electric Companies have petitioned to increase their rates. I live in Magoffin County which is served by Licking Valley R.E. C.C. and American Electric Power Companies. I am writing to request that you don't allow them to raise their rates. During the ice storms this past winter, many of our citizens were without electricity for over a week. They still received double the bill. Magoffin County has the highest rate of unemployment. We cannot afford to pay higher electric bills.

Thank you for your consideration of my request.

Sincerely

To Whom It May Concern:

I am writing to you to request that you don't allow the Utility Companies to increase their rates. I am a senior citizen of Magoffin and live on limited income. The unemployment rate in Magoffin County is the highest in the state. If you allow them to increase their rates you require that they give some jobs to our citizens. I have to purchase a lot of medicine, it is hard to paid all my household living expenses at today's rate. We have no chance of increasing our income after a certain age. Please consider this when determining to allow increases in electric bill and gas bill for household usage.

Sincerely,

Wayne + Wanda Meade

I am writing to you concerning the Electric Companies request to increase their rates. I am of the older population in Magoffin County. My income is limited and the government hasn't increased our benefits in the past year. I would request that you keep this in mind when consider allowing the utility companies to increase their rates. We cannot afford to pay higher rates. Many times we have to make the choice of purchasing food, medicine or paying our household bills. So please do not allow them to increase the rates.

Thank you,

COMMISSION

To Whom It May Concern:

I live in Magoffin County and I have read in the newspapers and seen on television that the Electric Companies are requested a rate increase. I am writing to tell you that I am totally against allowing the utility companies to raise their rates. I am an elderly person who lives on a fixed income. I cannot afford the higher rates. It is unfair that all the companies are allowed to raise their rates but our income isn't increase. We are unable to work so have no chance of increase our income. Thank you for considering my request.

Sincerely,

Dorothy Connet

PUBLIC SERVICE
COMMISSION

To Whom It May Concern:

I am writing to you to request that you don't allow the Utility Companies to increase their rates. I am a senior citizen of Magoffin and live on limited income. The unemployment rate in Magoffin County is the highest in the state. If you allow them to increase their rates you require that they give some jobs to our citizens. I have to purchase a lot of medicine, it is hard to paid all my household living expenses at today's rate. We have no chance of increasing our income after a certain age. Please consider this when determining to allow increases in electric bill and gas bill for household usage.

Sincerely,

Katherine Arnett

To Whom It May Concern:

I am writing to you concerning the Electric Companies request to increase their rates. I am of the older population in Magoffin County. My income is limited and the government hasn't increased our benefits in the past year. I would request that you keep this in mind when consider allowing the utility companies to increase their rates. We cannot afford to pay higher rates. Many times we have to make the choice of purchasing food, medicine or paying our household bills. So please do not allow them to increase the rates.

Thank you,

Stella Row

To Whom It May Concern:

I am writing to you to request that you don't allow the Utility Companies to increase their rates. I am a senior citizen of Magoffin and live on limited income. Please consider this many of our young people are working but their income is not enough to support their families. Also, the unemployment rate in Magoffin County is the highest in the state. If you allow them to increase their rates you require that they give some jobs to our citizens.

Sincerely,
