PUBLIC SERVICE  
COMMISSION

Subject: Kentucky Utilities/ E.ON U.S. LLC proposed rate increase.

The current minimum bill for residential service is \$5.00.

The proposed minimum bill for residential service is \$20.00.

This is unacceptable and will result in my terminating service at 2 properties that I am remodeling. A generator will be the alternative for my electric needs at these properties while I am doing the remodel.

As a result of the proposed rate increase, my choices for these remodel projects will be: Gas heat, Gas hot water, Gas cook stove and a clothes line rather than electric appliances.

I repeat, the proposed rate is unacceptable.

Regards, Steve Womack
