PUBLIC SERVICE
COMMISSION

Dear Sir:

I am against the rate increase being submitted by the K.U
Electric Co.

The president of this company stated in the newspaper that
he knew the economy was not good at this time.

If he realiz that then the company should share the same
struggling that most of the public is experiencing.

Its hard to understand the 150% increase in the customer charge
from \$5.00 to \$15.00.

Its similar to going into a place to eat, before they take
your order you have to pay a fee.
