Dear Sir or Madam:

Accompanying this note is correspondence recently received from the Kentucky Utilities Company. In the case of residential electric customers, it calls for increasing monthly bills in the amount of \$11.70, a yearly amount of \$140.40. This is certainly not the time to be increasing public utility costs. Such costs are particularly painful for people on fixed incomes. Also, it must be noted that such increases are forever that is to say they will never go down.

I urge you to disapprove this proposed rate increase.

Sincerely yours,

A handwritten signature in black ink, appearing to read "D. I. Carter". The signature is stylized with a large, sweeping flourish that extends to the right and loops back under the name.
