PUBLIC SERVICE
COMMISSION

I am Writing about the Rates Hike for
KU we live in a Depressed area in
Eastern Kentucky there is alot Elderly
people that I know of personally they all
are on Fixed Incomes and they just
barely get by. With Food & Medications
and the other Bills such as Water phone
and some does not even have T.V. I
know for myself how KU Bills have increased
over the last couple of months I feel
that they are trying to pay for all these
Contractors coming in Replacing poles & Lines
and Cutting Trees off of the ~~Public~~ Public.
Since the Snow storm earlier this winter.

I Hope that those Considering this Rate
Hike will Reject it.

I For myself I oppose this Rate Hike

Sincerely Greg Green
