To whom it may concern;

I am an 85 year old man, with many health problems (on many medications), that I have to buy, along with food & pay many bills. My income has been cut in half is very low, my wife passed away in Nov. 2004 and that has put a huge strain & hardship on me to try & make ends meet on a small monthly income. So please, reconsider & do not allow this rate hike on the KU Bills. I eat with family when I can, just to make it through the month. I cannot afford to pay more out, my income is very limited. I am like other senior citizens, struggling in an already Bad economy. Please do not allow this rate hike.

and make it worse. Please let my voice be heard, & help me survive. Do not allow this rate increase to take effect.

Thank You! Sincerely,
Lewis Green
