Subject: Letter received 2-24-10 from  
E-ON, K.L. as to new rate increases  
requested.

These rates these people are  
requesting must of come from Goofy  
at the Magic Kingdom at Orlando.  
It would be laughable except these  
people are serious.

You never hear that they  
are holding salaries, cutting back  
on overtime, consolidating some jobs.  
This is not a damn entitlement  
program. Seniors did not get a  
increase, stocks are off 30-40%.  
Federal gov. is trying to run coal  
companies out of business, it could go on  
and on. David let them cut back  
like every one else.

Thank You
