Name: LYNN FARMER

Address: 569 Ready mix rd Norton, Ky. 40831

Case: KU rate increase

COMMENTS: I ask that you Do Not give KU
a rate increase. We are having a really
hard time already paying the KU bill. If
We can't get the rest of the money to pay them by
this coming monday they are going to disconnect
it tuesday. We have paid, paid, and paid and
they are still saying we owe \$379.00. thats just 1 bill
there will be another one coming in for May.
It is outrageous what the American government
lets the foreigners get away with. Namely the 3
day period that KY gives you before they add a
big late fee. American co's. has to give 30 days
why the special treatment to foreigners? the
U.S.A. government needs to take care of
their own. I have foreigners in my family
and believe you me they came here and
Got RICH Quick. We can't get Anything.
We have to do without our medicine and food
to pay our bills especially the KU bill seems like
the more we pay the more we owe. I could
write a lot more but I have to get someone else to
write what I say because I shake too bad due to
Parkinson's disease. But I ~~say~~ ^{say} again
Do Not give KU another raise. We are
robbed too much by them as it is. Make them lower
their rates and pay back some to their customers
