Case No. 2009-00548

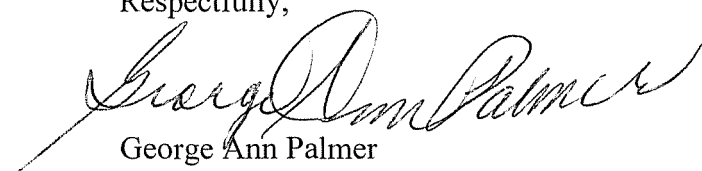

Kentucky Public Service Commission  
500 Mero Street  
Capital Plaza Tower  
5<sup>th</sup> Floor  
Frankfort, KY 40601

To Whom It May Concern:

It is my understanding that Kentucky Utilities has asked for a rate increase for their customers. There are a lot of KU customers living outside the advertised meeting places. Regrettably, we will not be given a chance to voice our concerns. Please allow me this opportunity to speak against any proposed increase.

When comparing my usage and costs in 2009 with those same figures in 2008 I realized my utility bill had increased fifty percent. In my opinion that kind of increase should suffice for at least three years.

Respectfully,

  
George Ann Palmer
