**RE: Louisville Gas & Electric (E.on)  
Rate Increase**

To Whom It May Concern:

The purpose of this letter is to request that the Public Service Commission (PSC) **deny** any and all rate increases that the currently provider referenced above is requesting. It just astounds me that this regulated board who is suppose to be helping the customers continually passes on the increases from the storms of 2009 on to the backs of LG&E customers. LG&E keeps stating they needs more money when in all reality what LG&E really is stating "we need more profits; screw the little man". How many storms is Louisville, Jefferson County, Kentucky going to pay for? I know for a fact that there were only TWO (2) storms. Has PSC's memory faded that much that they can't remember?

Since LG&E seeks information for a rate increase, I took as a paying customer want some answers from PSC. And since my taxes are paying your salary, I am requesting how many sit on this board for PSC? Are these positions elected or appointed by the Governor? Does this board even know what the unemployment figures for the Commonwealth of Kentucky? Currently, it sits at 10.7%. How does this board get up each and every morning and look at themselves in the mirror knowing damn good and well that they can screw the middleman, the poor, the unemployed by the bad decisions that they are making? Oh, I forgot, YOU DON'T CARE!!!! This board will give LG&E anything they are requesting. Does PSC even care that I pay more on my monthly bill in increases than the monthly bill for gas and electricity? What the hell is wrong with this picture?

---

However this "board" is elected/appointed, I am going to make sure that my name is in the running for any open position. This fiasco and madness must be stopped by the consumers before LG&E sits on the board of PSC.

Should you have any comments, concerns or questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Marcella Goodin". The signature is written in black ink and is positioned to the right of the typed name.
